## **DETAILED ACTION**

This Office action is in response to applicant's amendment filed on 28 October 2008.

## Election/Restrictions

1. Claim 1 is allowable. Claims 2-14, 16-30, 42-45, 48-55, 58-60, 64-72, 82-83, previously withdrawn from consideration as a result of a restriction requirement, require all the limitations of claim 1. Pursuant to the procedures set forth in MPEP § 821.04(a), the restriction requirement among species, as set forth in the Office action mailed on 11 April 2006, is hereby withdrawn and claims 2-14, 16-30, 42-45, 48-55, 58-60, 64-72, 82-83 are hereby rejoined and fully examined for patentability under 37 CFR 1.104. In view of the withdrawal of the restriction requirement, applicants are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Application/Control Number: 10/796,286

Art Unit: 2813

## Allowable Subject Matter

- 2. Claims 1-14, 16-30, 42-45, 48-55, 58-60, 64-72, 82-83 are allowed.
- 3. The following is an examiner's statement of reasons for allowance: Claims 1-14, 16-30, 42-45, 48-55, 58-60, 64-72, 82-83 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a method of forming a low dielectric constant structure that includes curing a dielectric material at an average rate of at least 1 degree C per second, wherein the dielectric material is an organosiloxane polymeric material selected from the group as claimed in claim 1, and wherein the dielectric material is formed from a precursor having the composition as claimed in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## Conclusion

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen W. Smoot whose telephone number is 571-

Application/Control Number: 10/796,286
